

The Effects of the COVID-19 Pandemic on Perceived Physical and Mental Wellbeing of LGTBQ+ Individuals in Moldova

Nicole Holliday (Freiburg)

Donnerstag, 21.07.2022

18:15–19:45 Uhr

Albert-Ludwigs-Universität Freiburg

UNI
FREIBURG

In Post-Soviet countries, social acceptance of LGBTQ+ individuals remains low, and legal rights and protections for these individuals are minimal to none. In Moldova, LGBTQ+ individuals have long faced discrimination and marginalization. How did the COVID-19 pandemic and its far-reaching and ongoing disruptions to health and economic and social systems impact these groups that have historically been marginalized and underserved? This talk will discuss a mixed methods study exploring the effects of the COVID pandemic on the physical and mental wellbeing of LGBTQ+ individuals in Moldova. Join us!
